

## **4<sup>th</sup> HIT Workshop on Mathematics and Control Theory**

**A meeting around mathematics, control, navigation and related fields**

**1 May 2018, Holon, Israel**

Moshe Idan,<sup>1</sup> president of Member Institute of IAIN, the Israeli Association for Automatic Control (IAAC) advises that this event will be held on 1 May 2018 at the HIT Holon Institute of Technology, Building 3, Conference Room, Holon, 5810201, Israel.

This will be under the auspices of the Circuits and Systems (CS/CAS) chapter of IEEE Israel<sup>2</sup>.

Participation is pending upon early registration enabled here:
