

## **ION GNSS +2018**

**24 to 28 September 2018, Miami Florida**

Abstracts are invited for ION GNSS+ 2018: GNSS + Other Sensors in Today's Marketplace.

This is the 31<sup>st</sup> International Technical Meeting of the ION Satellite Division and will take place from 24 to 28 September 2018 (with Tutorials on 24 to 25 September) at the Hyatt Regency Miami in Miami, Florida.

ION GNSS+ 2018 is the world's largest technical meeting and showcase of GNSS technology, products and services and will bring together international leaders in GNSS and related positioning, navigation and timing fields to present new research, introduce new technologies, update current policy, demonstrate products and exchange ideas.

This year ION GNSS+ 2018 features two unique tracks, each with different abstract and manuscript submission requirements.

These are:

### **Commercial and Policy Tracks**

- Mass Market and Commercial Applications
- System Updates, Plans and Policies
- High Performance and Safety Critical Applications

### **Research Tracks** (With peer review option)

- Autonomous Systems Technology and Applications
- Multisensor Navigation
- GNSS Algorithms, Methods and Technology

Instructions on submitting abstracts can be found at:
