

University of Southampton
A full time Lecturer in Transportation needed

A notice has been received from Dr Simon Blainey, Lecturer in Transportation at the Transportation Research Group, Faculty of Engineering and the Environment, University of Southampton.

He writes: *‘This is an exciting opportunity to join the Faculty of Engineering and the Environment at its new Boldrewood Innovation Campus in Southampton. This post is associated with the Transportation Group, a multi-disciplinary group founded in 1967 and recognised worldwide as a leading University centre for research, teaching and knowledge exchange in transportation.*

‘You will contribute both to undergraduate teaching on our MEng/BEng Civil and Environmental Engineering Programmes and to our well established Masters Programme in Transportation Planning and Engineering. There will also be a requirement for the supervision of postgraduate research students.

‘With a PhD (or equivalent) in Transportation, you will have a growing portfolio of research projects and publications in areas of transportation which complement and extend the existing strengths of the Group in one or more of the following areas: transport economics and management; transport data collection and analysis; transport, energy and the environment; transport modelling and simulation; and transport safety.’

For further information and to apply readers are invited to follow this link:
