

IAAC* guest workshop
Modern Gain-Scheduling by Convex Optimization

Professor Moshe Idan, IAAC President, reports that this event will be held on 21 May, in the Daniel Hotel, Herzelia.

The workshop will be delivered by Professor Carsten W Scherer from University of Stuttgart, Germany, and will be supplemented by a lecture by Dr Maxim Kristalny from Rafael-ADA.

For more details and the registration form readers are invited to visit:

<http://iaac.technion.ac.il>

There is a direct link to the registration form here:

<http://iaac.technion.ac.il/workshops/2018/SchererWorkshop-21-5-18.pdf>

Early registration discount is offered up to 13 May 2018.

Professor Idan reminds that all IAAC activities take place on Mondays – the Control Day in Israel.

*The Israeli Association for Automatic Control.

Member of IAIN.

IAAC's main goal and focus is the promotion of Automatic Control theory, practice, and education in Israel. The web site www.iaac.technion.ac.il presents an overview of IAAC, describes its organized meetings and workshops—past and present—and provides general information about control-related events and activities in Israel. Participant is encouraged.
