

ION GNSS+
24-28 September 2018

ION GNSS+ is the world's largest technical meeting and showcase of GNSS technology, products and services. This year's conference will bring together international leaders in GNSS and related positioning, navigation and timing fields to present new research, introduce new technologies, discuss current policy, demonstrate products and exchange ideas.

ION GNSS+ 2018 will take place 24-28 September, 2018 at the Hyatt Regency Miami in Miami, Florida.

Complimentary Short Courses Taught by ION Masters

[Short courses will be provided on Monday](#) (24 September) on a complimentary basis to all paid registrants at ION GNSS+ with the compliments of the Satellite Division and the ION Master Instructors.

ION Master Instructors are internationally recognized GNSS experts and educators. All of the ION Masters have generously donated their time and talents to this effort, as a service to the GNSS community, with the ION's gratitude.
