Nominations for candidates for the IAIN Awards 2021 are now invited.

The three awards are:

**The Harrison Award** - to recognise an individual or organization for ‘an outstanding contribution to navigation’.

**The Necho Award** - to recognise an individual, or organization, for ‘their contribution to the art and/or science of navigation in general over a number of years, or for a ‘special achievement’

And

**Honorary Membership** - in recognition of ‘an individual’s contribution to the activities of the Association’.

It is expected that most nominations will be submitted by a member organisation, but nominations by individuals will be considered.

The nomination form and rules can be found on the IAIN website: [www.iainav.org](http://www.iainav.org)

Nominations should be forwarded to the Secretary General in the first instance and must be received before 31 October 2020 in order to be admissible.
