The Korean Maritime Institute (KMI)
International Journal of Maritime Affairs and Fisheries
(KMI IJMAF)

Call for Articles

Aims and Scope of the Journal
The KMI International Journal of Maritime Affairs and Fisheries is an international journal published biannually in June and December.

The journal aims to share theories, managements, and practices at international, national and local levels with researchers, policy makers, managers and other stakeholders, and thereby to advance ocean and coastal policy regimes at all levels.

The journal is dedicated to full range of ocean and coastal policy studies.

Examples of topics covered by the journal are as following:

- Port development and operation
- Shipping industry
- Logistics
- Supply Chain Management
- Marine energy and mineral development
- International maritime laws and convention
- Marine environmental protection and management
- Coastal management
- Climate change and coastal hazards
- Marine ecosystem protection and management
- Marine science and technology
- Fishery resource management
- Fisheries economics
- Marine aquaculture, and
- Other ocean and coastal related policy issues

Recommended pages: Approximately 15 pages, in A4 format

Submission: Accepts submissions throughout the year. Submission to the journal proceeds only online (journal@kmi.re.kr) and authors will be informed step-by-step from submission to review notification.
Notice: Text for publication in the 2020 Summer Issue should be received by 20 April, 2020. (journal@kmi.re.kr +82 51-797-4385)

Page charges and honorarium
There are no charges for review and publication of articles submitted.

An honorarium (US$ 1,000) will be paid for accepted articles after peer-review.
